**MOTION TO CLOSE CHAPTER 11 CASE**

Diagnostic Imaging Services, Inc. d/b/a High Tech Medical Imaging (“DIS”),  
Reorganized Debtor, moves this court to close the Chapter 11 case. In support of this motion  
DIS states:

1. On or about November 28, 2006, this court entered an order confirming Debtor’s  
Amended Plan of Reorganization (“Plan”) dated November 15, 2006.

2. Since that time, DIS has been operating under the terms of the Plan. For several  
months, it continued to operate its business as an imaging company. Then, it reached the  
conclusion that such business could no longer be operated profitably, and it has been winding  
down its business ever since.

3. While attending to its business in the way described above, DIS has been making  
the payments required of it under the Plan. Specifically, it has made all payments required under  
the Plan for Unclassified Claims; Class 1 (priority claims); Class 2 (secured claim of Cedar);  
Class 3 (secured claim of Harris); and Class 4 (HSPC secured claim). Under the Plan, it is

required to make one more payment to Class 5 (Partners Equity secured claim), and to Class 6 (general unsecured claims), to the extent that funds are available.

4. Also, pursuant to the Plan, DIS identified and prosecuted certain avoidance actions in this Court, all of which have been concluded.

5. DIS intends to complete its liquidation of its assets and payments to creditors as provided by the Plan within the next several weeks.

WHEREFORE, DIS prays this Court for an order closing this Chapter 11 case, and for all other relief as the Court deems appropriate.
